## 6 DOMAINS PERFORMANCE (/100)

Ratings\*

\*Ratings outline companies' benchmarked domain performance within a sector, on a 5-level scale: "-", "+", "=", "+", "++"

## ANALYST FOCUS

TOPIC	COMMENT
Responsiveness	The Company has shown interest in its Company's CSR performance based on Vigeo Eiris' rating and has been cooperative by providing enough details and documents related to its ESG strategy. This has positively impacted its performance
Relations with employees' representatives	The Company has a detailed commitment to freedom of association and the right to collective bargaining. Infra Park has shown the importance of negotiation and the inclusion of employees' representatives in its decisions' making.
Environmental Strategy	The Company has extensively addressed its environmental strategy and has formalised its commitments to decrease its impact on the environment and has adopted different strategies to decrease its energy consumption and impacts from transport.
Governance and CSR	The Company shows an advanced performance in its governance pillar. Infra Park respects the number of non-executives and independent members within the Board and CSR issues are included in many aspects of the Company's governance, as they are discussed at Board level and taken into account while setting executives' remuneration.
