**Indigo Group finalized two bolt-on acquisitions in France of the off-street parking activities of Transdev Group and of Covivio**

In accordance with the agreements signed in June 2021, Indigo Group, the world leader in car parking and individual mobility, acquired (i) firstly the off-street parking activities of Transdev Group managed through its subsidiary Transdev Park and (ii) secondly the parking concessions and long-term leases portfolio of Covivio, managed by its subsidiary République SA.

Building on its established relationship with local authorities, Transdev Park operates in France approximately 60 car parks gathering more than 30,000 spaces, as well as more than 100,000 on-street spaces which are not part of the transaction. Indigo Group will acquire the entire off-street portfolio that generated a revenue of 21 million euros in 2019.

The c. 10 car parks under concessions and long-term leases of Covivio generated 20 million euros of revenue in 2019. Their average maturity is above 23 years<sup>1</sup>.

Serge Clément, President of the Executive Board of Indigo Group, said: "*With these acquisitions, Indigo Group is pursuing its profitable long-term growth strategy in its core business countries where it has a leading position, and reinforce its position as a key partner of the public and private sector for parking and individual mobility solutions. The Group is thus enriching its Infra portfolio by integrating parking facilities in complementary geographical locations, notably in Metz, Bordeaux, Marseille and the Greater Paris area, which will create significant operational synergies. In line with its policy of innovation and quality, Indigo Group will bring its expertise in terms of operations and quality of service with the ambition of promoting new urban models for parking infrastructures. Finally, I would like to welcome the Transdev Park employees dedicated to the parking activities who have joined us and who can now benefit from the opportunities offered by the Group in terms of personal and professional development, in particular via the Campus Indigo.*"

Furthermore, to address the upcoming challenges of urban mobility Indigo Group and Transdev, world-class players respectively in the car parking and in the transport markets, signed a partnership to join their expertise in combined transport and parking tenders as well as to provide joint services in MaaS (Mobility As A Service) projects led by local authorities.
