INDIGO Park Colombia S.A.S., a subsidiary of INDIGO Group, acquires 100% of Central Parking System Colombia S.A.S. and becomes the leader in parking in Colombia

INDIGO Park Colombia S.A.S., a subsidiary of INDIGO Group, a global player in parking and urban mobility solutions, announces the acquisition of 100% of the capital of Central Parking System Colombia S.A.S., the third-largest parking operator in Colombia.

This strategic transaction is a major step in INDIGO's development in Colombia. With the integration of Central Parking System Colombia S.A.S., INDIGO becomes the leader in the Colombian parking market.

Following this acquisition, INDIGO Group now operates 209 car parks in Colombia, spread across 15 departments and 25 cities throughout the country, significantly strengthening its geographical coverage and operational capacity thanks also to its 1,300 employees.

Over the past two years, INDIGO has consolidated its presence in Colombia with the acquisition of 100% of City Parking S.A.S. in 2024 and Hub 136, the first mobility PPP (concession contract), in 2025. Thanks to this new acquisition, INDIGO has doubled in size and strengthened its position with public and private customers across all major market segments: shopping centers, hospitals, office buildings, urban spaces, and transport infrastructure, notably the parking facilities at El Dorado Airport in Bogotá, Latin America's leading airport in 2025.

This transaction is fully in line with INDIGO's long-term strategy: to become the leader in the markets where the group operates by providing innovative, sustainable, and digital parking and mobility solutions tailored to the needs of cities and users. The group reaffirms its full confidence in the management team, led by Carlos Artacho, whose mission is to accelerate growth, continue investing in operational excellence, digital transformation, and the continuous improvement of the customer experience.

As part of this transaction, INDIGO was advised by FGO Capital, an investment boutique specializing in mergers and acquisitions, and by Garrigues as legal counsel.

The transaction was completed in accordance with the usual conditions for this type of transaction.
